Sure thing.

BTW I set aside time on the call for regulatory updates—so we'll need someone to speak up on what's going on starting tomorrow. Fran burns is looking for a point of coordinator of all things regulatory on the response—if you guys hear of anything helpful for him on that, could you give him a call? He's already working with Joan on it. We're getting a lot of questions on that and want to make sure we keep a single message.

Laura,

I am in contact with Adam Hamrick in the regional OSHA office and he wanted to participate in the calls that we have every morning. Can you give him a call or forward him the agendas so he can call in tomorrow with OSHA perspective.

Thanks
